UNITED

UNITED 1X 28/54W 1-10V GI

United is the ultimate tribute to the beauty of the fluorescent lamp. It is its simplicity which makes this fitting so special: a bare TL5 fluorescent tube lamp in a sleek U-shaped housing which can be mounted on the wall or ceiling or suspended. Available in white and/or black, for both the exterior and the interior. Three versions are available. As well as the standard version, we also offer United exterior (a twin-lamp outdoor version) and United Asy, with an asymmetrical housing which creates a wash effect on the walls. United is available with one, two or four lamps and can be ordered with or without a U-shaped cover. Designed by Couvreur & Devos. Good Design Award 2011.
